I. Areas of Strength

A. The School's Physical Environment

- The school responds to phone calls and emails from neighborhood residences and businesses, as well as information brought to school by the

local police department(s).

- The campus perimeter is secured by the campus assistants, and administrators, all of whom use cell phones and walkie-talkies to ensure constant communication with local law enforcement and each other as needed. Loitering policies and procedures are enforced.
- Loitering is discouraged through signage and the use of loitering letters sent to repeat offenders. A copy of the letter is sent registered mail and is kept on file at the police department.
- Supervision of hallways, grounds, bathrooms, and lockers is performed by the campus assistants.
- Lighting around building perimeters has been improved.
- Instances of graffiti and vandalism are reported and repaired rapidly and restitution is collected if the perpetrator is identified. Police are notified.
- Campus supervisors attend appropriate trainings through MCOE School/Law Enforcement Partnership.
- Security devices are as follows: telephones in every classroom/office, indoor/outdoor intercom school-wide, voice mail, emergency lights, alarm systems, cellular phones, walkie-talkies and security cameras.
- All offices and classrooms have up-to-date floor plan maps, which are posted in a prominent location, as well as evacuation routes for exiting classrooms safely.

A comprehensive website has been created to enhance communication with parents. Further, parents may communicate directly with teachers through e-mail. The school's philosophy reflects the value and expectations of the Tamalpais Union High School District. Consequences for violating behavioral and academic expectations are firm, fair, and consistent.

and Booster Clubs.

- The District-wide harassment policy is uniformly enforced at all school sites.
- Instructional time is maximized and disruptions minimized through effective discipline measures that include face-to-face conferences, mediation, counseling, and suspension, when required.

- Parents are informed of the student conduct expectations through a summer mailing of the Parent/Student Handbook with reminders in the Parent Newsletter. Parents are phoned regularly on attendance and discipline issues.
- Parents are our partners in disciplinary issues. We consider discipline to be a contract between school, parents, and students. Attendance letters are sent home. Daily phone calls are made via computer to any student with an unexcused absence(s).
- Support groups led by school counselors, the school psychologist or Wellness Center staff are designed to meet the social-emotional needs of students.

II. Strategies and Programs

A. Child Abuse Reporting Procedures

H. S. 1327 / Drake is committed to supporting the safety and well-being of its students and desires to facilitate the prevention of and response to child abuse and neglect. Strategies have been developed and implemented for preventing, recognizing, and promptly reporting known or suspected child abuse and neglect.

District employees are mandated reporters, as defined by law and administrative regulation, are obligated to report all known or suspected incidences of child abuse or neglect in accordance with district regulations and state law. The Superintendent or designee provides to all new employees who are mandated reporters a statement that informs them of their status as mandated reporters, their reporting obligations under Penal Code 11166, and their confidentiality rights under Penal Code 11167. A copy of the signed statement is retained in the Superintendent's office.

To assure that school staff has adequate training, newly hired teachers sign a statement indicating their completion of child abuse training as part of their certification requirement. School administrators, teachers, classroom assistants, and other classified school employees participate in periodic training in child abuse identification and reporting procedures. Within the first six weeks of each school year, the Superintendent or designee shall provide training on mandated reporting requirements to district employees and persons working on their behalf who are mandated reporters. Any school personnel hired during the school year shall receive such training within the first six weeks of employment. (Education Code 44691; Penal Code 11165.7) The Superintendent or designee shall use the online training module provided by the California Department of Social Services. If the California Department of Social Services online training module is not used, the Superintendent or designee will report to the CDE regarding the training being used in its place. The training shall include, but not necessarily be limited to, training in identification and reporting of child abuse and neglect. In addition, the training shall include information that failure to report an incident of known or reasonably suspected child abuse or neglect as required by law is a misdemeanor punishable by imprisonment and/or a fine as specified. The Superintendent or designee shall obtain and retain proof of each mandated reporter's completion of the training.

Reporting Procedures

When a case of child abuse becomes apparent or is suspected, staff shall make an initial report by telephone to any police department (excluding a school district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department.

(Division of Marin County Health and Human Services)
3250 Kerner Blvd.
San Rafael, CA 94901
24 Hour Reporting Hotline: (415) 473-7153

B. Suicide Prevention

Suicide is a leading cause of death among youth. In August 2018, Tamalpais Union High School District adopted a new Board Policy and updated Administrative Regulation for Suicide Prevention to address this issue.

Measures and strategies have been developed for suicide prevention, intervention, and postvention.

- a. Staff Development
- b. Student Instruction
- c. Methods for promoting positive school climate
- d. Provision of information to parents/guardians regarding risk factors and warning signs.
- e. Encouragement of student notification
- f. Crisis intervention procedures for responding to threats
- g. Counseling and other postvention strategies for helping students cope in the aftermath of a student's suicide

Suicide prevention training is provided to teachers, counselors, and other district employees who interact with students. Trainings are offered under the direction of a district counselor/psychologist and/or in cooperation with one or more community mental health agencies.

Suicide prevention instruction has been incorporated into the health education curriculum.

Students are encouraged to notify a staff member or another adult when they are experiencing thoughts of suicide or aware of another student's suicidal intentions.

H. S. 1327 / Drake has adopted an action plan for responding to a suicide death as part of the Marin County Health and Human Services/Marin County Office of Education Crisis Response Suicide Prevention and Postvention Protocols. This Response Plan includes both immediate and long term steps and objectives.

BP5141.52(a)

C. Emergencies and Disaster Preparedness Plan

H. S. 1327 / Drake staff and students must be prepared to respond quickly and responsibly to emergencies. There are a number of strategies in place to aid our school in responding effectively and efficiently to disasters. A Disaster Plan has been developed at Drake High and is updated in consultation with local emergency responders and agencies. The scope of this plan encompasses a broad array of potential emergency situations. The School/Law Partnership sponsored by Marin County Office of Education has developed many protocols. Each school site has incorporated these protocols into the Standardized Emergency Management System (SEMS). This plan addresses both the broad safety issues and the specific logistical aspect of preparedness. H. S. 1327 / Drake has assigned school personnel roles and responsibilities to execute in case of an emergency.

For the 2018-19 school year, all staff have been given long-term disaster preparedness assignments. Both the day school and night school programs have adopted the Safety Plan.

California and Marin County are well prepared for emergencies because Emergency Response Systems are in place with local providers of emergency services. Systems are tested and used. Local resources are backed up by regional, state, and federal support. Additional information regarding general emergency services is available at www.co.marin.ca.us or through the Governor's Office of Emergency Services at 1-800-550-5234.

1. Disaster Responses

A. Earthquake

Earthquakes occur without warning. An emergency procedure system has been established to protect students in case of an earthquake. This system includes, but not be limited to, the following:

- A school building disaster plan, ready for implementation at any time, for maintaining the safety and care of students and staff. This plan outlines roles, responsibilities and procedures for students and staff.
- A DROP procedure, whereby each student and staff member takes cover under a table or desk, drops to the knees, protects the head with arms, and faces away from the window.
- Protective measures to be taken before, during and after an earthquake, including location and mitigation of hazards, to insure student and staff safety.
- A training program to ensure that all certificated and classified staff are aware of, and properly skilled in, the earthquake emergency procedure system (Education Code 35297) and in basic first aid procedures.
- Drop procedures shall be practiced at least once each semester in secondary schools.

I. Earthquake Procedures

- *Drop, Cover and Hold On*
- *After Quake Evacuate*
- *Take Emergency Procedures Packet and Red Emergency Bag*
- *Leave doors Open*
- Make sure students initiate **DROP, COVER AND HOLD ON** upon first indication of an earthquake.
- Keep yourself and students away from windows, shelves, heavy objects, furniture and other dangerous objects.
- When the earthquake is over, evacuate the building with your class if you have been advised or if you determine that it is safe to do so following the same procedure as the Fire Evacuation.
- Take the following with you: Emergency Procedures Packet (with roll sheets and red and green sheets of paper), pen, red emergency bag, teacher name/department sign.
- Take roll at your designated meeting area. Hold up your teacher name so your students know where you are. If all students are accounted for, hold up the green card. If students are missing, hold up the red

card and be prepared to give an administrator a list of missing students. **NOTE:** Any student who was present at the beginning of the period and is currently not with you, is considered missing. Keep your class together. Keep students away from buildings and the designated department area.

- Students need to understand that they are not to leave the football field until an “ALL CLEAR” has been given by the administrator at the center of the football field. Just because the alarm is silenced does not mean that students can begin leaving the football field.
- Take roll again when you return to class.

BP3516.3

B. Fire Procedures

- Before you leave the room, close but do not lock windows and doors.
- Take the following with you: emergency procedures packet (with roll sheets and red and green sheets of paper), pen, red emergency bag.
- Evacuate students out of your room to your designated area on the evacuation route below. Follow the path designated by the map posted in your classroom.
- Once in your evacuation location, take accurate roll. After you have taken roll, indicate all students are accounted for (green sign) or one or more students are missing (red sign). Students should remain with their class even after roll is taken. **NOTE:** Any student who was present at the beginning of the period and is currently not with you, is considered missing.
- In most cases the “ALL CLEAR” will be signaled by an announcement made by the administrator in the evacuation location and by a PA announcement. The silencing of alarm does not indicate end of emergency.
- Take roll again when returning to the room.

C. Intruder on Campus

An intruder on campus is an unauthorized individual who loiters or creates a disturbance. A hostile intruder can be described as an “active shooter” by law enforcement if a firearm is involved.

In 2012, the District contracted for the modification/replacement of door hardware to establish “lock down” ability from interior spaces. The District had a certain number of doors that did not have the capability of being locked from the inside of the room. These locksets were replaced to insure all doors can be secured from the interior of the room without the necessity of opening the door or exiting the room.

I. Lockdown Procedures

The following actions are in place to execute a lockdown emergency response to an intruder on campus.

CRISIS IN PROGRESS/INTRUDER ON CAMPUS

- Announce Lockdown Emergency – if you think you are first to observe, call 911 and “0” to alert administration
- Lock doors and close ALL blinds – be sure the door window is covered
- Get students low to the ground, turn off lights, spread out as much as possible and keep students secure in the room
- Keep students calm and quiet
- Lockdown Procedures are intended for situations when staff and students should remain in a secured area until any danger clears. Examples of situations for which lockdown procedures might be appropriate, include situations such as a gun or active shooter on campus, outside public disturbance and/or campus disturbance that requires students and staff to remain locked indoors until the danger is cleared and the situation is normalized. Lockdown procedures will result in fewer targets for an active shooter(s), reduce confusion for arriving law enforcement, help contain the situation and minimize the chance of an accidental shooting of innocent people by responding officers.
- Information will be communicated by PA system, email, voicemail, text or runner (if safe) as quickly as possible. Please wait for these updates and avoid calling the office or administrators’ cell phones. Only make those calls if you have an emergency or important information.

LOCKDOWN PROCEDURES

- An administrator and/or staff member will announce, “**H.S. 1327 / DRAKE HIGH SCHOOL-WE ARE ON LOCKDOWN STATUS**” on the PA system. We will also specify when it is an actual drill and not a real emergency.
- Everyone in the building should **IMMEDIATELY** stay or enter the nearest classroom or office. If this is not possible, take cover or attempt to exit safely, moving away from sounds that could potentially be dangerous. Avoid, if possible, large open areas.

If students are in class at the time of the announcement:

- Explain to the students that there is an emergency and you are initiating lockdown procedures.
- Lock the door and close blinds.
- Turn off lights.
- If the window in your door is not already covered, place a piece of paper over it.

- To deter intruder, turn off the ringer and vibrator of all cell phones.
- Stay low and away from windows and doors.
- Have students as low to the ground as possible, spread out and keep students secure in the room. Avoid huddling if possible, huddling makes for an easier target.
- Have everyone silence phones.
- **Keep students calm and quiet.**

If students are not in class at the time of the announcement:

- Assist administration and campus assistants in moving students into the nearest safe office/classroom/building or avoiding danger/exiting campus.
- Lock the door and close blinds.
- Turn off lights.
- If the window in the door is not already covered, place a piece of paper over it.
- To deter intruder, turn off the ringer and vibrator of all cell phones.
- Stay low and away from windows and doors.
- Avoid, if possible, large open areas.
- Keep students in a safe area until advised by administration to move or an all clear announcement has been issued.
- Remain with students to maintain order.
- **Keep students calm and quiet.**

Notes:

- You could also attempt to barricade doors with heavy furniture or by using a door stop for doors that open to the inside.
- Establish a safe area in the room and take cover. Cover has ballistic stopping capabilities (some examples include brick walls, engine blocks if in the parking lot, and library books stacked back to back). If this is not an option, move to concealment. While this may not stop a bullet it can hide you from view.
- Ignore any bells or the normal daily schedule until given an “ALL CLEAR” signal on the PA system, by an administrator, or by law enforcement.
- Do not open door for anyone. Someone with a key (law enforcement or administration) will let you know when it is safe to leave the area.
- Any stragglers (maybe they were in the bathroom), if it is safe to do so, should attempt to go into the nearest classroom or office. If not, students should attempt to exit the building, moving away from potentially dangerous sounds and intruders.
- Check email, text and voicemail regularly for information updates.
- During a drill, an administrator or campus assistant will be entering each classroom to confirm that all students and teachers are following proper lockdown procedures. This will take several minutes, so please keep your class following proper procedures until an “ALL CLEAR” is given.

2. Emergency Shelter Agreement

During disasters and other emergencies affecting public health and welfare, the Board shall authorize public agencies to use school facilities and grounds for mass care and welfare shelters. (AR 1330) (Education Code 38132).

Tamalpais Union High School District takes an active role in working with the Red Cross. A Facility Use Agreement is in effect and renewed annually, which permits the Red Cross to use TUHSD school facilities as a shelter and other service delivery sites for disaster victims.

D. Policies Regarding Actions Which Could Lead to Suspension and/or Expulsion

BP 5144 establishes the behavioral expectations of students. The Parent/Student Handbook is shared annually to every family, while parent newsletters and school and district websites are vehicles for communication to parents and the community about these expectations.

- A. **Grounds for Suspension or Expulsion:** According to BP/AR 5144 and EC 48900, administrators may suspend students and, in some cases, recommend them for expulsion. The California Education Code limits the grounds of suspension to:
1. a. Caused, attempted to cause, or threatened to cause physical injury to another person.
b. Willfully used force or violence upon the person of another, except in self-defense.
 2. Possessed, sold, or otherwise furnished any firearm, knife, explosive, or other dangerous object unless, in the case of possession of objects of this type, the student has obtained written permission to possess the item from a certificated school employee, which is concurred in by the principal or the designee of the principal. Firearm means any device designed to be used as a weapon from which is expelled through a barrel a projectile by the force of any explosion or other form of combustion. Examples of dangerous object include, but are not limited to: B.B. guns, pellet guns, air rifles, pepper spray, razors, laser pointers, brass knuckles, fist packs, nunchaku, and any object likely to cause injury to person or property that has no reasonable use at school.

 4. Unlawfully offered, arranged, or negotiated to sell any controlled substance, listed in Chapter 2 (commencing with Section 11053) of

Division 10 of the Health and Safety Code, an alcoholic beverage, or an intoxicant of any kind, and then either sold, delivered, or otherwise furnished to any person another liquid, substance, or material and represented the liquid, substance, or material as a controlled substance, alcoholic beverage, or intoxicant.

5. Committed or attempted to commit robbery or extortion.
6. Caused or attempted to cause damage to school property or private property.
7. Stole or attempted to steal school property or private property.

Possessed or used tobacco, or products containing tobacco or nicotine products, including but not limited to, cigarettes, cigars, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets, and betel (Education Code 48900, 48901). Students' possession or use of electronic cigarettes, electronic hookahs, and other vapor-emitting devices, with or without nicotine content, that mimic the use of tobacco products is also prohibited. (BP 5131.62)

12. Knowingly received stolen school property or private property.
13. Possessed an imitation firearm. As used in this subsection, imitation firearm means a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.
14. Committed or attempted to commit a sexual assault as defined in Penal Code 261, 266(c), 286, 288, 288(a), or 289, or committed a sexual battery as defined in Penal Code 243.4.
15. Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for purposes of either preventing that student from being a witness or retaliating against that student for being a witness, or both.
16. Committed sexual harassment as defined in Education Code 212.5. The sexual harassment must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. - against school district personnel or students, that is sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder, and invading the rights of either school personnel or students by creating an intimidating or hostile educational environment. Harassment, threats or intimidation include messages or information communicated through electronic means, including the use of the internet or cell phones. (Education Code 48900.4)

E. Procedures to Notify Teachers of Dangerous Students

Each September and February, all teachers are provided with a list of enrolled students who have one or more suspensions. This list includes suspensions in the current year, plus the previous three years. The following procedure is used to notify teachers of suspension history.

1. A record is kept of all suspensions, and a list appears on the cover of the binder. Each teacher signs an attendance sheet indicating they have reviewed the binder.

2. Teachers are advised of the confidential nature of suspension data.
3. All sign-in sheets and suspension reports are kept in the assistant principal's office.

To notify teachers of suspensions as they occur during the school year, the following process is used:

The assistant principal's secretary provides teachers a copy of the student suspension form.

When students are administratively transferred from one school to another for disciplinary reasons, the cum folder is immediately sent to the receiving school. As of 2002, the new student information system allows for the electronic transfer of discipline records.

When the District receives information from the juvenile court system that a student has been convicted of a serious or violent crime requiring teacher notification, the principal and teachers are provided with written notice from the Office of Instruction. Copies of this notice are maintained in the school office and the District office.

Tamalpais Union High School District
P. O. Box 605
Larkspur, CA 94977

(415) 945-3723

Full text of District procedures can be found in the District Office.

Discrimination - The Tamalpais Union High School District, in strict accordance with state and federal laws, does not discriminate against any person on the basis of gender, race, color, religion, ancestry, national origin, ethnic group, marital or parental status, physical or mental disability, sexual orientation or the perception of one or more of such characterizations.

Title IX - Discrimination on the basis of gender in any program or activity of this District is not to be permitted. All District employees are required to comply with all provisions of this policy and the Title IX Amendments of 1972.

Complaints

If a student or parent believes that they are not receiving the education to which the student is legally entitled; if the student feels that he or she is not being treated with courtesy and respect; or if the student or parent has a complaint regarding instructional material, the student/parent should first contact the person responsible. Often a concern can be reconciled at this level. Conflict resolution is a process which encourages good faith and an equitable mediation format. If this step brings no resolution, the student is legally entitled to use one of the following complaint procedures:

- Every effort should be made to resolve a complaint at the earliest possible stage. Parents/guardians are encouraged to attempt to orally resolve concerns with the staff member personally.
- If a complainant is unable or unwilling to resolve the complaint directly with the person involved, they may submit an oral or written complaint to the employee's immediate supervisor or the principal. If the complainant is unable to prepare the complaint in writing, administrative staff shall help them to do so.
- When a written complaint is received, the employee shall be notified in accordance with collective bargaining agreements.
- The person responsible for investigating complaints will attempt to resolve the complaint to the satisfaction of the person(s) involved within 30 days.
- The complainant may appeal a decision by the principal or immediate supervisor to the superintendent or designee, who will attempt to resolve the complaint to the satisfaction of the person(s) involved within 30 days. The superintendent's or designee's decision should be considered and accepted as final. However, the complainant, employee or the superintendent or designee may ask to address the Board regarding the complaint. The Board may uphold the superintendent's decision without hearing the complaint, or the Board may ask all parties to a complaint to

attend a Board meeting in order to present all available evidence and allow every opportunity for explaining and clarifying the issue. The decision of the Board shall be final.

In order to promote fair and constructive communication, there are procedures which govern the resolution of complaints against the use of any instructional materials, including textbooks, supplementary textbooks, library books, and other instructional material and equipment. A brief summary is provided below:

- Complaints must be presented in writing to the principal. The complaint must name the author, title and publisher, and identify the objection by page and item number. If the complaint is against non-printed material, written information must state the precise nature of the objection. The complaint must be signed and identified so a proper reply will be possible.
- An individual student may be excused from using challenged materials after the parent/guardian has presented a written complaint. The teacher will assign alternate materials of equal merit.
- The principal shall notify the superintendent or designee who will determine whether the complaint should be considered on an individual basis or whether a review committee should be convened.
- The review committee shall determine the extent to which the challenged material supports the curriculum, the educational appropriateness of the material, and its suitability for the age level of the student.
- The review committee shall summarize its findings within 30 days and submit it to the superintendent or designee for final action. The superintendent or designee shall notify the complainant of their action no later than 60 days after the complaint was filed. The report of the review committee with the superintendent or designee's recommendation may be brought to the Board of Trustees for consideration and final decision.

H. Williams Uniform Complaint Procedures

The following Uniform Complaint procedures are used to address complaints that allege that the District has violated federal or state laws or regulations governing educational programs:

The complaint must be in writing and contain a concise statement of the facts constituting the grounds for the complaint and the laws or regulations violated. The complaint must be signed and dated by the complainant.
- If the complainant is unable to put the complaint in writing due to conditions such as illiteracy or a disability, District staff shall help them to file the complaint.
- The complaint shall be presented to the superintendent or designee who will give it to the appropriate compliance officer.

- Within three working days, the compliance officer shall informally discuss the possibility of using mediation.
- If the mediation process does not resolve the problem, the compliance officer shall hold an investigative meeting at which the parties may discuss the complaint and question each other and each other's witnesses.
- Within 60 days from receipt of a complaint, the superintendent or designee shall complete the investigation and prepare a written decision and send it to the complainant.
- Any complainant may appeal a District decision to the California Superintendent of Public Instruction by filing a written appeal within 15 days of receiving the District decision.

superintendent or designee in a timely manner, but not to exceed 10 working days (Education Code 35186; 5 CCR 4680).

The principal or designee shall make all reasonable efforts to investigate any problem within their authority. They shall remedy a valid complaint within a reasonable time period not to exceed 30 working days from the date the complaint was received (Education Code 35186; 5 CCR 4685).

Complaints may be filed anonymously. If the complainant has indicated on the complaint form that they would like a response to the complaint, the principal or designee shall report the resolution of the complaint. If a complaint is not satisfied with the resolution of a complaint, they has the right to describe the complaint to the Board at a regularly scheduled meeting.

I. School-wide Dress Code

The expression of a student's uniqueness and individuality by means of the student's dress is sanctioned by the governing board as being consistent with the stated purpose of the school. Restrictions on freedom of students will be imposed whenever the mode of dress in questions is:

1. Unsafe either for the student or those around the student.
2. Disruptive of school operations and the education process in general.
3. Contrary to law.

The dress policy of H. S. 1327 / Drake as stated in the Parent/Student Handbook reads:

According to BP 5132, the Board of Trustees believes that appropriate dress and grooming contribute to a productive learning environment. The District expects that all students dress themselves in a manner that will not be disruptive to the educational atmosphere. All students should wear shoes and shirts at all times. Short-cropped and low-cut tops, which expose one's stomach or chest, and extremely short shorts are not appropriate. Clothing that promotes gangs, drugs/tobacco/alcohol or violence, are sexually explicit, use profane or abusive language, or debase a particular group are also not allowed. Underwear should be covered by outerwear. School administrators

have the right to send home any student who is not dressed or groomed accordingly.

The Board also expects students to give proper attention to personal cleanliness and to wear clothes that are suitable for the school activities in which they participate. Students have the right to make individual choices from a wide range of clothing and grooming styles, but they must not present a health or safety hazard or a distraction, which would interfere with the educational process as determined by the school site administration.

Clothing and jewelry shall be free of writing, pictures, or any other insignia which are obscene, libelous or slanderous, vulgar, profane; or which advocate racial, ethnic, or religious prejudice; or the use of drugs or alcohol, or which so incites students as to create a clear and present danger of the commission of unlawful acts on school premises, or the violation of lawful school regulations, or the substantial disruption of the orderly operation of the school, as determined by the school site administration. When gangs constitute a danger to students, the superintendent or designee may restrict student dress and grooming as necessary to comply with Board policy related to gang activity (Board Policy 5136).
